

WOODNESBOROUGH COMMUNITY PROJECT AND FOOTBALL CLUB BUY A BRICK CAMPAIGN

Woodnesborough Football Club has been established for over 50 years and offers competitive football to 12 youth and 2 senior sides.

The club is currently progressing with a new artificial training pitch and is now targeting extending the clubhouse with a conservatory that will be used by the additional people visiting the club.

To allow the club to proceed with the project, we need to raise additional funds and what better way than to give all of our supporters and commercial sponsors a chance to have their names as a permanent fixture on the club house wall.

Every contributor will have their name or company name added to a framed list and hung permanently in the club – something for generations to read and cementing your commitment to WFC.
